By signing up to CarShare2Cardiff and arranging to travel by car sharing to work at least once a week you can help to relieve pressure on the car park.

Cardiff Council is encouraging its employees and the students and employees of its CarShare2Cardiff organisations to designate one personal car free day per week.

Help us to improve the quality of life for all for one day a week and cut congestion in our beautiful City.

See how you can easily make the choice by finding the right information to help you....

Information about alternatives and your options for making a contribution to reducing congestion and pollution through opting to walk, cycle, travel by bus or train and through car sharing can be found below:

Traveline Cymru - offers a one-stop shop for individuals to plan journeys by bus, coach and rail. For help with planning your journey and timetable information, visit..... www.traveline-cymru.org.uk or contact 0871 200 22 33.

Car Sharing - Cardiff Council provide a journey share database for member organisations. This enables individuals to match up with others to travel to work together rather than separately, either by car, walking, cycling, bus, train or taxi.

For more information visit www.Carshare2Cardiff.com or e-mail carshareenquiries@cardiff.gov.uk

Travel Planning - Cardiff Council actively encourages organisations to produce Travel Plans - a package of measures designed to widen travel options for staff and to promote greener, cleaner travel choices. For more information visit www.cardiff.gov.uk/travelplans or e-mail travelplans@cardiff.gov.uk

Personalised Travel Plans - Modus is a free of charge journey planning service provided by Traveline Cymru to **organisations**. Working on postcode information, Modus can provide an individual with a personalised travel plan telling them how to travel from their front door to their destination and back using public transport.
